

Brigham Research Education

UPCOMING EVENTS

SPRING 2017

Intermediate Biostatistics

Tuesdays March 7-28 (2:30—4pm)

BTM 03002 | Professor: Robert Goldman, PhD

The series will focus on simple regression models, multiple regression modeling, and logistic regression. Topics include: - Foundations of Correlation and Regression - Multiple Regression - Special Topics in Multiple Regression - Introduction to Logistic Regression

Advanced Biostatistics

Tuesdays May 23—June 13 (2:30—4:30pm)

Carrie Hall | Professor: John Orav, PhD

Each of the four sessions will focus on a different theme with emphasis on concepts and realistic examples rather than statistical theory. The goal of the seminar is to demonstrate advanced statistical approaches to questions explored by medical researchers.

RCR Rounds

Responsible Conduct of Research

Tuesday March 7 (3—4pm)

Carrie Hall | Professor: Melissa Frumin, MD

Topic: Ethical Considerations in Clinical Research

Tuesday April 4 (3—4pm)

Carrie Hall | Professor: Pearl O'Rourke, MD

Topic: Who Tells the IRB what to do?

Tuesday April 25 (3—4pm)

Carrie Hall | Professor: Gary Curhan, MD
