

Welcome to the Brigham Research Community!

There is a lot to learn as a new Research Assistant/Clinical Research Coordinator. The trainings included in the learning path are either required or highly recommended for someone in your role. **Please review these recommendations with your supervisor and/or PI to determine which trainings are right for you.** If you are working on a cancer study, please also review [the training requirements](#) for Dana Farber/Harvard Cancer Center (DF/HCC).

Note: These trainings are geared toward the entire Brigham research community (or an even wider audience), so it will be imperative that you discuss how these concepts apply to your research environment with your PI and other colleagues.

In addition to following the learning path, you can:

- [Subscribe](#) for updates on new courses and other opportunities
- Search for upcoming offerings on either of these calendars:
 - [Brigham events](#) (2022 and previous)
 - [Research, Discovery, and Innovation – Courses/Events](#) (2023 and onward)
- Find past courses/events to view on the [Brigham Research Video Library](#) (must be connected to the BWH/MGB network or VPN to access)
- Learn more at www.BrighamResearchEducation.org and www.DiscoverBrigham.org
- View the below list for additional educational opportunities across Mass General Brigham/Longwood

Please reach out with any questions!

BWHResearchEd@partners.org

Besides the Brigham Research Education Program, several other groups across the Brigham, MGB, and Longwood communities host their own educational events.

Be sure to check out the following groups for additional opportunities:

- **[Brigham & Women’s Hospital](#)**
 - [Brigham Research Education](#)
 - [Brigham Education Institute](#)
 - [Brigham Research Institute](#)
 - [The Office for Research Careers](#)
 - [Brigham Center for Diversity and Inclusion](#)
- **[Mass General Brigham \(MGB\), formerly Partners HealthCare System \(PHS\)](#)**
 - [MGB Human Research Affairs Compliance & Education Office](#)
 - [MGB Professional Resource Library](#)
 - [Massachusetts General Hospital, Division of Clinical Research](#)
 - [McLean](#)
- **Longwood**
 - [Harvard Catalyst](#)
 - [The Academy at Harvard Medical School](#)
 - [Boston Children’s Hospital](#)
- **Online Learning**
 - [HealthStream courses](#) – Required BWH Courses and Electives, including for Animal Research
 - [CITI Training](#) – Required Clinical Research Courses
